

## TIPS FOR MOVING

Moving is one of the most stressful things you can do, the following are some tips on how to make your move as easy as possible.

Check	What
	Organise home and contents insurance – make sure you are suitably covered during and after moving day

Check	<i>The following has been switched on in your new home and off in your old home:</i>
	Electricity
	Gas
	Phone

Check	<i>The following are some things to take with you in the car:</i>
	Pack a box with all the necessary requirements to make a cup of tea or coffee
	Pack your remotes together in a labelled box
	Pack a small overnight bag with your toiletries, a towel, a change of clothes and any medication
	Have a box containing: cleaning equipment, toilet paper, rubbish bags
	Pack your bedding
	Carry valuables, personal items and important papers with you so they don't get lost
	The number of your favourite takeaway place

Check	<i>As soon as you get to your new house here are some things to do first:</i>
	Make sure your hot water cylinder is turned on
	When your bed is unpacked make it up before you start unpacking other boxes

Check	<i>General packing:</i>
	Label boxes clearly with where it is to go and what is inside
	Remember to label whether each box is fragile
	Pay close attention to the bottoms of cartons and tape them up if they are sagging
	Use appropriate size boxes for their contents, if you could only find very large boxes, don't pack them full of your heaviest items, use smaller boxes for books
	Take everything out of the fridge <b>and freezer</b> before moving day
	Arrange for young children to stay with a relative or friend
	Arrange a safe place for pets to stay on moving day
	Back up all the files on your computer
